Introduction

The Shell Birdwatching Guide to the UAE by Colin Richardson and Simon Aspinall and Birdwatching Guide to Oman by Hanne and Jens Eriksen are such thorough works on bird life in the countries mentioned that we had no essential problems in planning a trip to that part of the Arabian Peninsula. As the descriptions of the sites in the above guidebooks are very detailed this will not be the issue in this report unless the present state proved otherwise than described. Neither will there be any details about itinerary at the sites themselves unless we did not follow directions. Besides many good reports on the Internet, do consult the <http://uaeinteract.com/nature/bird/twitch.asp> and <http://www.birdsoman.com/>, which follow the bird life of the region closely.

A good road map is quite another matter so if you can find a decent one at home, or in a bookstore before leaving Dubai - buy it first thing! We created a problem for ourselves in leaving Dubai early in the morning and in considering buying a map no obstacle at all in an otherwise well-functioning country. It was! By the way, the same thing goes for buying postcards, which only proves that this is indeed no touristy haven! Thank God!

We flew KLM from Denmark to Dubai for D.kr 4400 (US \$780) and knowing to arrive late we had booked at Queens Hotel, Deira (Dkr. 215/person (US \$37)) from home. The night after we managed to lower the price to Dh 170/double (\$ 24/person) for the very same rooms! Both in the UAE and in Oman it was the custom to ask for a better price than the one listed, which meant staying in hotels was somewhat cheaper than mentioned in Lonely Planet's excellent guide to the area: Oman and the UAE. Prices hacked are mentioned along the itinerary. Generally accommodation was quite satisfactory. It was easy to find good food after nightfall more or less close to our lodgings. There was generally a good variety of Indian, Pakistani, Iranian, Syrian cuisine available. Excellent for afterbirding!

We had been informed that we could get a joined visa to the UAE and Oman when arriving. That had changed so that we did not need a visa (coming from the EU) to the UAE. This was nice of course, but this also meant that nobody knew about how to get a visa for Oman – and nobody cared. Suspense was kept until we reached the Omani border. This goes for the reader of this report as well!.

From home we had rented a Mazda 6.0 at Dh 2750 (\$770) besides an extra insurance of Dh 450 (\$125) for bringing the car across to Oman for a week plus Dh 30 for an extra driver. It proved a very nice vehicle for those 3127 km. Another luxury was the gas prices at the level of 1 Dh/litre, and it was very easy to get around by car. It did not seem problematic to drive anywhere at night.

The weather was very decent through our whole trip as were the people everywhere we went, another nice basis for a good trip – so let us get to the birds!

Itinerary

In the following all birds observed are mentioned. There are references to the site numbers mentioned in Richardson and Eriksen. In the special case of overlap in Oman there are references to both guidebooks. Interesting races are mentioned in *italics*.

<p>Wed Feb. 11</p>

Queens Hotel, Deira – Emirates Golf Course 7.00-7.45

Great Cormorant 17, Greater Flamingo 500 (**Khor Dubai (A1)**), Red-wattled Lapwing 1, Black-headed Gull 6, Slender-billed Gull 12, Rock Dove 65, Palm Dove 51, Eurasian Collared Dove 2, Crested Lark 1, House Crow 18, Common Mynah 24, House Sparrow 27.

Emirates Golf Course (A4) 7.45-14.10

It was easy to get access by turning up at the entrance. We just had to sign and then report again when leaving the area.

Little Grebe 29, Great Cormorant 11, Cattle Egret 7, Little Egret 4, Grey Heron 11, Greater Flamingo 2, Gadwall 2, Teal 11, Mallard 6, Pintail 4, Shoveller 14, Shikra 1 (escape?), Grey Francolin 12, Moorhen 12, Black-winged Stilt 4, Red-wattled Lapwing 5, Ruff 1, Pintail Snipe 1, Curlew 3, Greenshank 1, Common Sandpiper 4, Black-headed Gull 5, Slender-billed Gull 8, *Caspian Gull* 2, Palm Dove 56, Eurasian Collared Dove 42, Rose-ringed Parakeet 22, Pallid Swift 37, Little Green Bee-eater 5, Indian Roller 26, Hoopoe 12, Crested Lark 6, White Wagtail 5, White-cheeked Bulbul 32, Red-vented Bulbul 11, Bluethroat 1, Black Redstart (*phoenicuroides*) 1 M, Song Thrush 1, Graceful Warbler 11, Olivaceous Warbler 1, Chiffchaff 9, Purple Sunbird 13, Isabelline Shrike 3, Southern Grey Shrike 1, House Crow 17, Common Mynah 37, House Sparrow 85, Indian Silverbill 7.

Dubai Pivot Fields 15.00-17.00

This location is not mentioned in Richardson, but go south from Dubai in the direction of Hatta (E44). After around 20 km you must look for a sign saying “Sewage Treatment Plant” and a number of yellow trucks going to and fro the area. After some initial bumps take the left road at a Y-junction. Going a few hundred yards further eventually brings you to the entrance to the area on your left hand side. Ask for admission at the gate. You can bring your car but see to it that you do not park it in the way of people working.

Grey Heron 1, Glossy Ibis 14, Kestrel 2, Grey Francolin 13, Moorhen 2, Little Ringed Plover 8, Red-wattled Lapwing 37, White-tailed Plover 11 (outside the fence), Lapwing 1, Temminck’s Stint 9, Common Snipe 33, Curlew 2, Wood Sandpiper 1, Common

Sandpiper 2, Palm Dove 30, Eurasian Collared Dove 40, Rose-ringed Parakeet 3, Pallid Swift 30, Hoopoe 2, Crested Lark 35, Skylark 1, Sand Martin 2, Barn Swallow 10, Blyth's Pipit 1, Red-throated Pipit 50, Water Pipit 60, Yellow Wagtail 60, White Wagtail 35, Citrine Wagtail 2, White-cheeked Bulbul 1, Bluethroat 5, Isabelline Wheatear 3, Clamorous Reed Warbler 1, Ménétries' Warbler 1, Purple Sunbird 4, Isabelline Shrike 2, Southern Grey Shrike 1, Common Mynah 15, Starling 8.

Mushrif National Park (A6) 18.05-19.15

Of course we went here to view the Striated Scops Owls. They did not let us down foraging nicely on beetles in the floodlights adjacent to the parking lot on both sides of the road. They were much better than us at ignoring the incredible noise from nearby festivities.

Palm Dove 15, Eastern Collared Dove 10, Striated Scops Owl 6, Song Thrush 1, Common Mynah 40.
